

Distington Community School Modern Foreign Languages Statement

Our curriculum is carefully designed to ensure coverage and progression. It provides pupils with memorable experiences, in addition to diverse and rich opportunities from which children can learn and develop a range of transferable skills. The children's own community, its heritage and traditions are frequently used as a starting point for engaging interest. A primary focus of our curriculum is to raise aspirations, create a sense of personal pride in achievement, and provide a purpose and relevance for learning. We provide a creative cross curriculum approach that has clear intent, a carefully designed and monitored implementation and a positive impact that allows children to develop knowledge, understanding and skills in each subject.

EYFS & Key Stage 1

In EYFS and Key Stage 1 children may begin to be introduced to MLF with a focus on French through whole school theme days and by dropping key vocabulary into classroom practice discretely. Formal teaching of MFL is introduced in KS2.

Key Stage 2

In Key Stage 2 children will begin learning the language more directly, building on their speaking and listening skills, before moving on to reading and writing in French.

By the end of key stage 2, pupils should be able to:

1. Listen attentively to spoken language and show understanding by joining in and responding.
2. Explore the patterns and sounds of language through songs and rhymes and link the spelling, sound and meaning of words.
3. Engage in conversations; ask and answer questions; express opinions and respond to those of others; seek clarification and help.
4. Speak in sentences, using familiar vocabulary, phrases and basic language structures.
5. Develop accurate pronunciation and intonation so that others understand when they are reading aloud or using familiar words and phrases.
6. Present ideas and information orally to a range of audiences.
7. Read carefully and show understanding of words, phrases and simple writing.
8. Appreciate stories, songs, poems and rhymes in the language.
9. Broaden their vocabulary and develop their ability to understand new words that are introduced into familiar written material, including through using a dictionary.
10. Write phrases from memory, and adapt these to create new sentences, to express ideas clearly.

11. Describe people, places, things and actions orally and in writing.

12. Understand basic grammar appropriate to the language being studied, including (where relevant): feminine, masculine and neuter forms and the conjugation of high-frequency verbs; key features and patterns of the language; how to apply these, for instance, to build sentences; and how these differ from or are similar to English.
